## Product Images

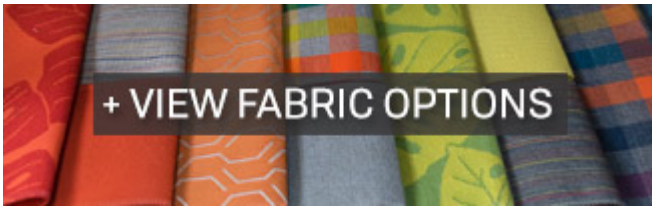
## Short Description

Create a cozy corner in your otherwise lonely backyard with our lovely Fuchsia Cast Aluminum Bench.

## Description

Create a cozy corner in your otherwise lonely backyard with our lovely Fuchsia Cast Aluminum Bench. Made from a powder-coated aluminum frame, designed with an elegant, floral patterned back, the Fuchsia bench makes a perfect place for you to sit and enjoy the birds and the bees! The frame has undergone five stages of powder coating and its Sunbrella cushion is known for its weather, mildew, and fade resistance. Durable and gorgeous, this bench does everything a bench should...and more!

Durable Sunbrella® and Olefin OptionsWe offer two outstanding fabric types for this product. Sunbrella® is the industry's favorite for fade, mildew, and stain resistance. It is available in a large variety of colors so you can design without limits. Cleaning and caring for Sunbrella is also very easy. For those who want to save a little more on this product, we offer Antique Beige Olefin, which is a different type of synthetic fiber. It is also fade and mildew resistant, but is slightly less durable than Sunbrella®.



Dimensions: 45" W x 27" D x 36" H
