Sunbrella Fabric Information We stock this item in Canvas Teak cushions with Canvas Teak (cushions shown in image) piping for customers who want this set fast. Customers who order our Quick Ship option will receive their orders in approximately 2-3 weeks. All other configurations will take 4-6 weeks to arrive.

Sunbrella Fabric Information The technique that Sunbrella uses to dye their fabrics has made them a marine sport standard for fabrics. The high quality dyes that Sunbrella uses will penetrate even the thickest of fabrics straight to their core, giving you years of lasting, vibrant colors. Sunbrella's commitment to their brand really shows with their 5-year warranty on any Sunbrella fabric, so rest assured: your cushions will like new years from now.

Construction Details Construction quality is what separates the Encinitas collection from a vast majority of other patio sets offered by big box stores. The highest quality Sunbrella fabric is used for all of the cushions seen in this sofa set. All of the HDPE (High Density Polyethylene) wicker is woven from scratch for each set, and is both resistant to the fading effects of UV rays, and weather resistant. The aluminum in these frames has the highest purity rating in the business, and all of the frames are spot-welded for extra durability.
