Description

The most wonderful feature of our Simply Home Collection rugs is the fact that these rugs are 100% versatile. Place them in any room setting, outdoor porches, patios, living rooms, bedrooms, bathrooms, even in boats! These rugs' playful style comes to life in unique braided-texture rug designs that make any room a fun room to be in. Made from 100% polypropylene, these rugs are meant to last, for both indoor and outdoor use. They are stain resistant and completely reversible, giving you double the fun in one rug! Balancing loud with neutral, our Red Mix Rally rug will surely help you balance out your home's design. The brighter pink and dark pink stripes and border make a beautiful point of balance with the neutral tans and greens.
