Short Description

Manhattan Cushioned Loveseat 3301-22 by Sunset West

Description

The Manhattan Cushioned Loveseat (3301-22) by Sunset West offers a transitional take on outdoor living. This collection's organic curves, plush, tailored cushions and detailed wicker give it a unique visual appeal, while sturdy, all-weather construction ensures lasting performance across the seasons. The wicker is made with durable High-Density Polyethylene (HDPE) and finished in a beautifully textured Dove Grey color, which gives it a natural feel. Its lightweight, powder-coated aluminum frame and fade resistant, breathable cushions are built to withstand exposure to the elements, making them ideal for frequent use, cleaning and even rainfall. Built for commercial and residential use, this collection is perfect for small patios, poolside decks and high traffic terraces alike.

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

HDPE Wicker: To clean HDPE wicker, rinse with cool water, and use a cloth with mild dish soap to wipe down and remove dust and residue. Use cool water to wipe away any soapy residue. Dry with a soft cloth.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
