

Tenara®

SEWING THREAD

Forever Patio proudly uses Tenara® Sewing Thread in every cushion to provide the best quality in all-weather cushions.

Benefits of Tenara® Sewing Thread

- Extends the life of outdoor cushions compared to polyester and cotton thread.
- Does not deteriorate from exposure to the elements or UV radiation.
- Made from 100% expanded Polytetrafluoroethylene (ePTFE), which is 2-3 times stronger than conventional PTFE.
- Remains flexible in extreme hot and cold temperatures.
- Has a smooth surface which eliminates frictional wearing.
- Stain resistant and completely safe to clean with household cleaning products.
- Does not absorb water, preventing the growth of bacteria and mildew.
- Clear thread makes the cushion seams look subtle and matches any fabric selection.
- Quality made in the USA!
