Short Description

sku: TRNK-FTNheight: 51 in.width: 42 in.depth: 42 in.weight: 715 lbs.color shown: sierra

Description

Shown here in a beautiful sierra finish, the Trunk Water Fountain offers majestic water noises as the water spouts from the top and over the etched surface. This fountain is sure to be a focal point in any outdoor setting.

The fountain is made of the highest grade fiber reinforced concrete (GFRC), which not only reduces weight but is also much more durable than standard cast stone. The artists behind the making of this fountain have simulated the natural texture of the stone to perfection. Installation is very simple and one can be sure to enjoy the beauty and serenity of this fountain with little effort.
