Short Description

C-Series 61" 3000 Watt Electric Patio Heater C3024SS

Description

The C-Series 61" 3000 Watt Electric Patio Heater (C3024SS) by AEI Corporation. Infratech redesigned C-Series heaters are an excellent choice for most basic installations that require cost-effective controls. C-Series heaters are available in a variety of wattages and voltages ranging from 1,500 To 4,000 Watts And 120 To 480 volts. These classic heaters feature sleek profiles, recessed mounting options, short standoffs, and low clearance heights. Infrared heaters do not use kerosene or propane. They don't produce pollutants such as carbon monoxide, and will not become a fire hazard due to the lack of a flammable fuel source. Infrared heating elements are sealed inside of a quartz tube so they are much easier to use versus their fuel-filled counterparts.

- Custom Powder Coating Available in White, Almond, Beige, Bronze, Gray, Copper, or Black for an additional cost
- 3 Year Warranty
- Made in the USA

3,000 Watt Stainless Steel Quartz Heater

These C-series heaters are energy efficient, with wide, polished reflectors that provide comfortable and uniform heat coverage.

Infratech quartz elements provide pleasant medium wave heat. By utilizing quartz elements our infrared heaters are able to emit a safe, clean wavelength of light that may only be absorbed by solid objects. This means the heat is transferred directly to you from your heater.

Infrared heat does not blow away in breezy locations and the quartz elements are completely odorless.

Outdoor Heating For Continuous

Use Infratech elements are rated for near 5,000 hours of continuous use. In many cases, you will find yourself enjoying your heater for years before a replacement would be necessary. Always refer to the C-Series manual for specific instructions, and be sure to disconnect the power to your heater before attempting to change an element.

About the Manufacturer

Founded in 1966, AEI has operated under a consistent premise: provide the finest in innovative outdoor cooking and patio heating products to discriminating consumers and commercial customers. AEI is also the only single source of quartz electric, horizontal gas, umbrella domed, Natural and Propane Gas heaters. Their mission has always been simple: supply the perfect heating equipment to enhance any patio then back it up with industry leading warranties and support
