Short Description

Elements Air Left Arm Facing Chat Chair 51AR39L by Homecrest

Description

The Elements Air Left Arm Facing Chat Chair (51AR39L) by Homecrest creates the appearance and comfort of deep seating in an easy-to-maintain, cushionless design. The fully-welded aluminum frames are made to last while a multi-stage powder coat provides all-weather protection across all seasons. A fade-resistant, double-layer sling is durable, easy to maintain, and made to endure any outdoor setting, rain or shine. Luxurious Sensation sling fabric is used for the ultimate low-maintenance comfort while featuring benefits such as exceptional shape retention and surface memory. Built for commercial and residential use, this is a perfect piece to add to small patios, poolside decks, and high-traffic terraces.

Warranty

Homecrest's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Frame: 15 Year Residential / 5 Years Commercial warranty against structural failure or manufacturing defects
- Finish: 5 Year Residential and Commercial warranty against peeling, blistering, or cracking of the aluminum finish

- Sling: 5 Year Residential / 2 Years Commercial warranty against tearing, discoloration, or excessive fading

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Sling: In order to protect from getting stains and keep its appearance, wipe down with a damp cloth using a soap and water mixture every few weeks. To remove any mold, rinse down the furniture with water and scrub with a brush gently.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
