Short Description

DISC Havenhill Cushion Loveseat 4A42B by Homecrest

Description

The Havenhill Cushion Loveseat (4A42B) by Homecrest combines the strength and durability of aluminum with the comfort of a luxurious, all-weather cushion to create a chair that's easy to love. The Havenhill collection's high backs, subtle curves and Art Deco design will create a feeling of opulence and sophistication in any outdoor setting. Made for commercial and residential use, this seating option is well-suited for both resort decks and backyard patios. Homecrest's DreamCore™ cushions have an unbeatable elasticity, which makes for an unmatched seating experience. Create your ideal patio setup by choosing from some of the highest quality cushions, fabrics and frame finishes in the industry. If you can't find the fabric you're looking for, give us a call at 1-888-947-4449 for more options!

- Aluminum Frame has 15 year Residential / 5 year Commercial warranty against structural failures
- Finish has 5 year warranty against peeling, flaking or blistering
- Outdura fabrics have a 5 year fade warranty

Care & Maintenance

Enjoy your Homecrest furniture for years to come by keeping it in good shape! Simply spot treat stains on your chair with mild soap and water, rinse, and allow it to air dry. Tip: Placing a cushion on its side will help the water to drain faster! Never use a commercial washer or dryer to clean your cushions.

You can protect your aluminum frame by waxing it at least once a year. If you plan on using your chair near salt water or an indoor pool, wipe down and wax regularly to prevent paint blistering. Make sure to store it right-side up during cold winter weather to prevent damage caused by ice.

Durable Aluminum Frame

Homecrest's products go through an extensive process that cleans the raw material from any debris and prepares the surface for quality paint adhesion. A baked-on polyester powder-coat finish is applied, which will provide a durable finish season after season. All Homecrest powder-coat finishes are backed by an industry-leading warranty.

DreamCore™ Cushions

DreamCore™ seat cushions feature High Resilient furniture-grade foam. High Resilient foam provides exceptional durability and longevity, while offering an outstanding level of comfort. Unlike conventional foams, the cell structure of High Resilient foam is less uniform and more random, creating a stronger structure, excellent elasticity, increased supporting force and, ultimately, unparalleled comfort. The back cushion is constructed with moisture-resistant ticking and is engineered to match the silhouette of the cushion, creating a tailored look. Individual channels hold the fill in place and create both comfort and support.

Differences in Dining Heights

Homecrest offers a variety of seating and table heights for several types of market applications ranging from lounging to dining, cafe, balcony and bar. It is important to note the desired seating height when selecting tables or pairing with existing tables or seating.

What is Welt?

Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt. Welt that is a different color than the color of the cushion fabric is called a "contrast" welt.

Adding a welt to a cushion is a custom process and may extend an order's lead time by 2 - 4 weeks. There

may also be an additional charge for adding welt, which varies by manufacturer.

About the Manufacturer

Homecrest combines a rich history of quality and classic design with today's demand for affordable luxury and versatile living. Homecrest's focus has broadened to encompass the increasing demands of sophisticated, style-driven consumers seeking to complement their homes' interior designs and create a seamless flow between indoors and out. Homecrest is poised to build its future on consumer and contract needs, innovative new products and global opportunities.
