Short Description

Kashton Sling Armless Adjustable Chaise 1K300 by Homecrest

Description

The Kashton Sling Armless Adjustable Chaise (1K300) by Homecrest will provide the perfect addition to your outdoor patio space. Its full aluminum frame features arms that round at the front and trail at the back like a slipstream, evoking a sense of dynamic motion and add a vibrant flair to any environment. The fully-welded aluminum frames are made to last while a multi-stage powder coat provides all-weather protection across all seasons. A fade-resistant, double-layer sling is durable, easy to maintain, and made to endure any outdoor setting, rain or shine. Built for commercial and residential use, this is a perfect piece to add to small patios, poolside decks, and high-traffic terraces.

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Sling: In order to protect from getting stains and keep its appearance, wipe down with a damp cloth using a soap and water mixture every few weeks. To remove any mold, rinse down the furniture with water and scrub with a brush gently.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
