Short Description

Coastal Teak Console 5501-ST by Sunset West

Description

The Coastal Teak Console (5501-ST) by Sunset West is a unique, contemporary decorative accent for those who enjoy a rustic or natural feel - no two pieces are exactly alike! This collection's modern frame design, natural grooves and textures, and warm wood finish give it a unique visual appeal, while sturdy, all-weather construction ensures lasting performance across the seasons. The frame is made of 100% solid teak, which is known for its durability and natural moisture-resistant oils. We recommend that you regularly treat the frame if you wish to keep the Coastal Teak finish intact, but you can always let the finish fade and the wood age over time for a lovely patina look!

Care and Maintenance

Teak: Long-term, teak furniture develops a pleasing silvery gray patina, which is cosmetic and not an indication of dryness. Its natural oils help keep this hardwood strong and durable in a variety of environments, so there's very little maintenance. Because teak is very weather-resistant, it doesn't need to be stored during the winter or covered with protective tarps. However, covering teak furniture will protect the surface from elements such as hail, wind, and snow, which can cause cosmetic damage. To keep the original golden honey finish, apply a very thin layer of Linseed or Teak oil to your furniture 1-2 times a year, depending on exposure. Cleaning with teak cleaner is recommended every 2-3 years, along with the oil application.
