Short Description

Pietra Cushioned Rope Loveseat 4601-22 by Sunset West

Description

The Pietra Cushioned Rope Loveseat (4601-22) by Sunset West is a mid-century style piece with added woven appeal and a neutral color story. This collection's minimalist silhouette, plush cushions and striated rope design give it a unique visual appeal, while sturdy, all-weather construction ensures lasting performance across the seasons. Its lightweight, powder-coated aluminum frame, fade resistant, breathable cushions and sturdy, flexible olefin rope are built to withstand exposure to the elements, making them ideal for frequent use, cleaning and even rainfall. Built for commercial and residential use, the Pietra collection is perfect for small patios, poolside decks and high traffic terraces alike.

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Rope: Outdoor rope is all-weather and fade-resistant. To clean, simply wash it with a soft brush or sponge with mild soapy water. Rinse well and allow to completely air dry. Do not use solvents or abrasives, or chemical cleaning products that could damage the furniture. Do not pull hard on the material as it can be stretched out of shape.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
