Description

9' Curbside Pick Up Logo Market Umbrella ALTO908 by California Umbrella. This heavy duty 9 foot commercial grade umbrella by California Umbrella offers all the features a residential or commercial owner demands, with a robust commercial grade aluminum frame. The 2 section aluminum pole with a 0.08 inch wall thickness and fiberglass rib framework has superior stability and is perfect for demanding commercial conditions. The strong aluminum pole frame is matched by a simple efficient push lift system that complements a resilient easy to use umbrella. One of the key benefits to this umbrella is a 3 year warranty on the fiberglass ribs as opposed to your standard one year warranty. This umbrella will hold up against anything you throw at it; it has the benefits of both worlds.

Why Choose Sunbrella Fabric?

The Sunbrella difference is clear. Compared to other outdoor textile brands, Sunbrella is longer-lasting, is easier to clean and maintain, is better at enduring sun and weather damage, and is scratch and cut resistant.

Sunbrella is meticulously crafted for a typical lifespan of up to 10 years, which is more than twice as long as most other outdoor fabrics from other manufacturers. This means it will keep your patio furniture looking brilliant long past the typical expiration date of most consumer-grade fabrics.

Base Options

About the Manufacturer

California Umbrella has been proud to serve you and your shade needs since 1946. The world has changed so much in that time, but our commitment to excellence has only deepened. To meet the demands of the changing market, we have built devoted factories overseas with over 1 million square feet of production space, all to serve our manufacturing needs. The vast array of options for OEMs, customization, and marketing products that our capabilities allow for, can fulfill almost every need you may have for a shade product. Our experience in sourcing materials and fabrics is second to none, so we can provide you with more options, and greater capacity, to make even the most demanding projects seem simple.
