Short Description

Passport Mesh Stackable Cafe Chair 2G320 by Homecrest

Description

Add an air of vintage vacation glamour to your patio with the Passport Mesh Stackable Cafe Chair (2G320) by Homecrest. The Passport collection serves summer-getaway-in-the-French-Rivera style, circa the sun-kissed 60s, and has been adapted for modern sensibilities. These chairs are lightweight and quick-drying, making them ideal for lake and poolside environments. A powder-coated aluminum frame ensures commercial or residential use for years to come. With several sleek frame color options to choose from, this low-maintenance seating collection is sure to bring sophistication to any outdoor setting.

- Finish has 5 year warranty against peeling, flaking or blistering

Care & Maintenance

Enjoy your Homecrest furniture for years to come by keeping it in good shape! Simply hose off to clean and spot treat for stains, but avoid power washing. You can further protect your aluminum frame by waxing it at least once a year. If you plan on using your chair near salt water or an indoor pool, wipe down and wax regularly to prevent paint blistering. Make sure to store it right-side up during cold winter weather to prevent damage caused by ice.

Durable Aluminum Frame

Homecrest's products go through an extensive process that cleans the raw material from any debris and prepares the surface for quality paint adhesion. A baked-on polyester powder-coat finish is applied, which will provide a durable finish season after season. All Homecrest powder-coat finishes are backed by an industry-leading warranty.

Differences in Dining Heights

Homecrest offers a variety of seating and table heights for several types of market applications ranging from lounging to dining, cafe, balcony and bar. It is important to note the desired seating height when selecting tables or pairing with existing tables or seating.

Cafe Seating & Table Collections

Cafe seating pieces have an average seat height of 19" and are commonly used in restaurants, bars and other active seating venues. Most cafe collections are stackable and available with and without arms. Be sure to select cafe heights for both the table, which has a 30" average height, and the seating collection to ensure proper fit.

About the Manufacturer

Homecrest combines a rich history of quality and classic design with today's demand for affordable luxury and versatile living. Homecrest's focus has broadened to encompass the increasing demands of sophisticated, style-driven consumers seeking to complement their homes' interior designs and create a seamless flow between indoors and out. Homecrest is poised to build its future on consumer and contract needs, innovative new products and global opportunities.
