Short Description

Sandstone 42- Round Balcony Fire Table 4642BSS by Homecrest

Description

Inspired by the southwestern quarries of the United States, the Sandstone 42" Round Balcony Fire Table (4642BSS) by Homecrest give outdoor spaces a solid foundation. Full of beautiful, rough-hewn detail, Sandstone tops offer years of low-maintenance and architecturally pleasing outdoor enjoyment. With its flawlessly rustic look, High-Density Polyethylene (HDPE) and tough resin core create a natural tabletop while a Nano-Coat finish is UV-protected and scratch resistant. The fully-welded aluminum frames are made to last while a multi-stage powder coat provides all-weather protection across all seasons. The fire pit includes a built-in storage compartment at the base that discretely stores the propane tank out of sight so you don't have to sacrifice your space. Place your plates and cups on the generously sized surface without any worry. Homecrest fire tables extend the comfortability of outdoor spaces by several months into the late Fall and early Spring. Built for commercial and residential use, this is a perfect piece to add to small patios, poolside decks, and high-traffic terraces.

Warranty

Homecrest's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Frame: 15 Year Residential / 5 Years Commercial warranty against structural failure or manufacturing defects
- Finish: 5 Year Residential and Commercial warranty against peeling, blistering, or cracking of the aluminum finish
- Natural Series: 3 Year Residential / 1 Years Commercial warranty against structural failure or manufacturing defects
- Fire Table Burners: 2 Year Residential / 1 Years Commercial warranty against structural failure or manufacturing defects

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
