Warranty

Frankford's warranty covers manufacturing defects; it does not cover breakage due to contact with foreign objects, chipping of the finishes, crumbling of concrete, or any damage associated with transporting the base. With a little bit of care, your umbrella will outlive the warranty by many years.

- **Frame:** Frankford warrants the frame structure of the ECLIPSE®, AURORA, NOVA, G-SERIES, GREENWICH, MONTEREY, CATALINA, and, AVALON for a period of five (5) years residential / three (3) years commercial from the original date of purchase. This warranty includes manufacturer defects to the notch, runner, center pole, and skeleton structure. This warranty does not include damages sustained to these umbrellas while in any degree of tilt.
- **Finish:** Frankford warrants all powder coat finishes on aluminum masts in ECLIPSE®, AURORA, NOVA G-SERIES, GREENWICH, MONTEREY, CATALINA, and LAUREL for a period of three (3) years from the original date of purchase. This warranty includes chipping, peeling, flaking, bubbling, and fading of the powder coat finish on the aluminum masts only.
- **Fabric:** Frankford offers 9 oz. marine-grade solution dyed acrylic fabric from several mills, including Sunbrella®, Outdura, and Recasens®. All marine-grade acrylic fabrics we use carry a warranty of ten (10) years residential / seven (7) years commercial from the original date of purchase. The warranty protects against the loss of characteristics, rot, mildew, and colorfastness typical in normal atmospheric conditions. The product must be properly installed, maintained, and under normal use and environment. This warranty does not cover damage caused by contact with foreign objects, abuse, negligence, vandalism, burns of any kind, improper cleaning techniques, normal wear, perforations, weather soiling, environmental pollution stains, natural disasters, or acts of nature. Damage caused by the storage method or location used by clients is not covered.
- **Base** ECU-480 & ECU-480+W are made for residential use only

Care & Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes or power washers, which could damage the finish.

Outdoor Fabric: Cleaning your canopy on a regular basis will help prevent build-up of dirt, which can generate mildew. Simply spot treat stains with mild soap and water, rinse, and allow the fabric to air dry. Never use a commercial washer or dryer to clean your canopy.

Tilt & Storage: Avoid using the tilt function during windy weather and try not to force the ribs apart when opening; this could damage your umbrella. Don't forget to store it ahead of a storm!

Frankford Umbrellas have been tested successfully in extreme weather and winds up to 40-50 MPH, however, we strongly recommend closing your umbrella when not in use or when sustained winds exceed 25 mph.
