Short Description

Nova Giant Center Post 16' Octagon Umbrella 896NGU

Description

The Nova Giant Center Post 16' Octagon Umbrella (896NGU) by Frankford Umbrellas offers maximum shade and weather protection for commercial environments. The rust-proof, reinforced aluminum frame and ribs ensure unmatched strength, while marine grade fabrics define fade-resistant style. The crank lift system makes setup a breeze! A commercial grade telescopic crank allows you to completely close the umbrella without the burden of moving furniture underneath. Note: For easier installation of an umbrella this large, the Nova mounts to a hinged spigot. This allows for the umbrella mast to be placed onto the spigot while the unit is on its side, prior to raising it to an upright position.

Not sure which umbrella base is right for your Frankford umbrella? Check out the attached Umbrella Base Guide to find the best fit and style for your sunshade! If you can't find the fabric or finish you're looking for, feel free to give our sales team a call at 1-888-947-4449 to discuss more options!

Includes

- One (1) Nova Giant Center Post 16' Octagon Umbrella 896NGU
- Bases and mount kits sold separately
- Twelve (12) 16"W x 16"D x 2"H Pavers for base NGU550 not included

- Open Height: 126"
- Closed Height: 170"
- Open Clearance: 98"
- Closed Clearance: 72"
- Crank Clearance: 43"
- Pole / Mast: 4"
- Weight: 260 lbs.
- Canopy Size: 16'

Features

- Reinforced aluminum frame and ribs are commercial quality, durable, and rust-proof
- Telescoping mast allows you to completely close the umbrella without having to move any furniture placed underneath
- Crank lift system designed for smooth and effortless operation in any environment
- Reinforced grommets paired with an ultra-durable woven nylon wrap prevent the chance of fabric tearing from the frame
- Engineered to withstand 50 MPH sustained winds
- Multiple mounting options are available, either permanent or semi-permanent, for installation on any surface

- Maintenance free stainless steel hardware
- Available with marine grade acrylic Recacril outdoor performance fabric
- Canopy fabrics are easy to clean and come with a 10-year fade warranty
- Wind vents serve dual purpose of venting heat and providing stability against wind
- Comes with a sleek Matte Silver (MS) finish
- Bases (sold separately) come with a sleek silver or anodized silver finish to match your umbrella frame
- Assembled in the USA

Warranty

Frankford's warranty covers manufacturing defects; it does not cover breakage due to contact with foreign objects, chipping of the finishes, crumbling of concrete, or any damage associated with transporting the base. With a little bit of care, your umbrella will outlive the warranty by many years.

- **Frame:** Frankford warrants the frame structure of the ECLIPSE®, AURORA, NOVA, G-SERIES, GREENWICH, MONTEREY, CATALINA, and, AVALON for a period of five (5) years residential / three (3) years commercial from the original date of purchase. This warranty includes manufacturer defects to the notch, runner, center pole, and skeleton structure. This warranty does not include damages sustained to these umbrellas while in any degree of tilt.
- **Finish:** Frankford warrants all powder coat finishes on aluminum masts in ECLIPSE®, AURORA, NOVA G-SERIES, GREENWICH, MONTEREY, CATALINA, and LAUREL for a period of three (3) years from the original date of purchase. This warranty includes chipping, peeling, flaking, bubbling, and fading of the powder coat finish on the aluminum masts only.
- **Fabric:** Frankford offers 9 oz. marine-grade solution dyed acrylic fabric from several mills, including Sunbrella®, Outdura, and Recasens®. All marine-grade acrylic fabrics we use carry a warranty of ten (10) years residential / seven (7) years commercial from the original date of purchase. The warranty protects against the loss of characteristics, rot, mildew, and colorfastness typical in normal atmospheric conditions. The product must be properly installed, maintained, and under normal use and environment. This warranty does not cover damage caused by contact with foreign objects, abuse, negligence, vandalism, burns of any kind, improper cleaning techniques, normal wear, perforations, weather soiling, environmental pollution stains, natural disasters, or acts of nature. Damage caused by the storage method or location used by clients is not covered.

Care & Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes or power washers, which could damage the finish. Try not to force the ribs apart when opening; this could damage your umbrella.

Outdoor Fabric: Cleaning your canopy on a regular basis will help prevent build-up of dirt, which can generate mildew. Simply spot treat stains with mild soap and water, rinse, and allow the fabric to air dry. Never use a commercial washer or dryer to clean your canopy.

Covers & Storage: To prolong the life of your umbrella, we recommend using a protective cover. In areas with a harsh winter climate or frequent storms, store your umbrella in a garage or shed to protect it.

Frankford Umbrellas have been tested successfully in extreme weather and winds up to 40-50 MPH, however, we strongly recommend closing your umbrella when not in use or when sustained winds exceed 25 mph.

About the Manufacturer

Frankford Umbrellas has been in the shade business for 121 years, providing superior quality umbrellas to the contract and retail industries since 1898. We are a dynamic and thriving company in the outdoor living industry, specializing in modern and traditional shade solution designs.

The beauty, design, and superior elements of our umbrellas bring enhanced resort and dining experiences to your cherished outdoor living space. We use only the best materials in manufacturing our umbrellas, and we are proud to build them right here in the United States. Our umbrellas are built to last, and are truly the best in the industry. We believe in providing our partners an exceptional product, at a reasonable price, with superior customer service.
