About Sunbrella Fabrics

Sunbrella is the flagship brand of the family-owned company Glen Raven, Inc., which has a legacy dating back nearly 140 years. Sunbrella performance fabric is designed to be durable, easy to clean and beautiful for everyone to enjoy comfortably in any environment. Their design team is constantly developing new manufacturing methods and fabrics, which are specifically designed for use on outdoor furniture. Because of its enduring quality and comfort, Sunbrella is one of the most exceptional and well-known fabric brands in the patio furniture industry.

Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt.

Warranty

Lloyd Flanders's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Frame: Stainless steel frame has a 3-year residential / 1-year commercial warranty against structural failure or manufacturing defects
- Cushion: Outdoor cushions have a 1-year warranty against manufacturing defects from the date of purchase
- Fabric: Sunbrella ® and Outdura each carry a 5-year warranty

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Rope: Outdoor rope is all-weather and fade-resistant. To clean, simply wash it with a soft brush or sponge with mild soapy water. Rinse well and allow to completely air dry. Do not use solvents or abrasives, or chemical cleaning products that could damage the furniture. Do not pull hard on the material as it can be stretched out of shape.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

In 1906, Marshall B. Lloyd opened the Lloyd Manufacturing Company in Menominee, Michigan, where he developed a timeless and unique process for creating fine woven furniture. We are proud to continue crafting this heirloom furniture today, in the same facility where it all began.

Thanks to their patented Loom weaving technology, Lloyd Flanders furniture products stand apart from other manufacturers in the industry, offering a level of quality and beauty that is unsurpassed. Lloyd Flanders furniture can be found in many historic places and fine hotels across the United States, such as the Waldorf Astoria in New York and the Minnesota Governor's Mansion. Their gorgeous furniture is also featured in film, television and music.

Lloyd Flanders had been synonymous with premium outdoor furniture for more than 100 years, and their reputation is demonstrated in every piece they craft today.
