Care and Maintenance

Frame: Simply hose off or wipe down your frames to clean them! Avoid using harsh cleaners, brushes or power washers, which could damage the finish. You can use Berlin Gardens Xtreme Clean or any generic composite deck cleaner if needed.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winters, store the cushions inside of a garage or shed, and cover the frames to prevent damage.

About the Manufacturer

The Berlin Gardens difference: Our furniture is solidly built, beautifully designed and amazingly durable. There's a reason. Our team of Amish craftsmen combine old world skills with modern technology and a commitment to doing the job right. You'll find extra value engineered in our products like welded aluminum frames under our tables and thicker support pieces. Why pick poly? Poly lumber makes strong, comfortable outdoor furniture without the hassles typically associated with upkeep. It's easy to care for, needs no painting and can withstand even harsh weather. Poly is an environmentally friendly choice, because it's made from recycled milk jugs.
