GO GREEN WITH BERLIN GARDENS

Your Berlin Gardens polyfurniture offers more than just a great place to relax with friends and family, it also protects the environment. That's because our poly lumber is manufactured using 95% recycled content.

Here's a look into the recycling process:

- 1** Polyethylene plastic, commonly used in manufacturing detergent containers, is gathered to be recycled.
- 2** Recycled plastic is ground, melted and cooled to produce purified plastic pellets, which are tested to maintain the highest quality control standards.
- 3** Pellets are melted, extruded and shaped into precision-cut poly lumber.
