

## Product Images

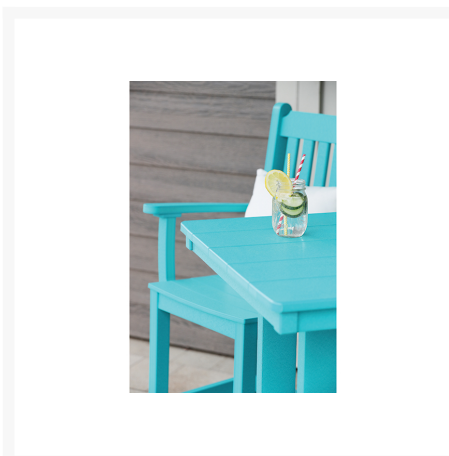

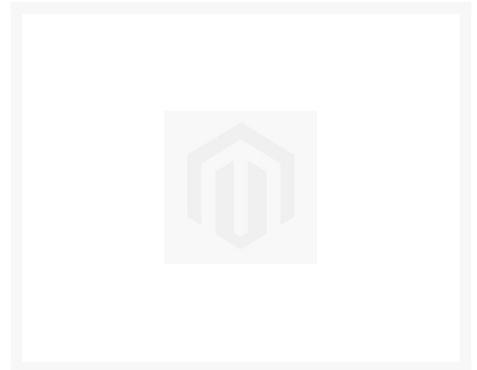

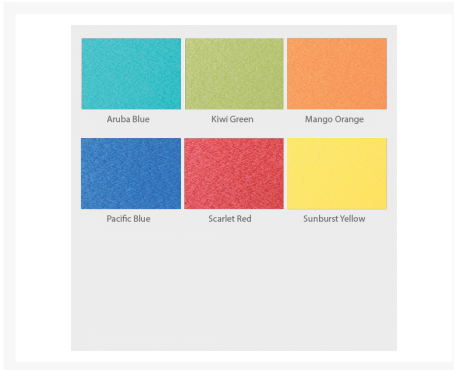

**GO GREEN WITH BERLIN GARDENS**

Your Berlin Gardens® PolyLumber® patio furniture offers you a great place to relax with friends and family. It also protects the environment. That's because our poly lumber is manufactured using 95% recycled content.

Here's a look into the recycling process:

- 1** Polyethylene plastic, commonly used in manufacturing detergent containers, is gathered to be recycled.
- 2** Recycled plastic is ground, melted and cooled to produce purified plastic pellets, which are tested to maintain the highest quality control standards.
- 3** Pellets are melted, extruded and shaped into precision-cut poly lumber.

## Short Description

---

DISC Garden Mission Dining Chair GMDC0018

## Description

---

### Includes

One (1) Berlin Gardens Garden Mission Dining Chair

- No cracking, splitting, or bacterial growth
- BPA free
- Amish Made in The USA
- Some assembly required
- Contact us for two-tone color options

### About the Manufacturer

The Berlin Gardens difference: Our furniture is solidly built, beautifully designed and amazingly durable. There's a reason. Our team of Amish craftsmen combine old world skills with modern technology and a commitment to doing the job right. You'll find extra value engineered in our products like welded aluminum frames under our tables and thicker support pieces. Why pick poly? Poly lumber makes strong, comfortable outdoor furniture without the hassles typically associated with upkeep. It's easy to care for, needs no painting

and can withstand even harsh weather. Poly is an environmentally friendly choice, because it's made from recycled milk jugs.
