Short Description

Molo Sunbed 13101-0312 by Houe

Description

Bask in the radiant sun with the Molo Sunbed (13101-0312) by Houe. The Molo Collection by Henrik Pedersen encapsulates Neo-Scandinavian design, influenced by London vibes and Amsterdam humor. With its sustainably harvested bamboo and a powder-coated steel frame, this piece blends perfectly with Houe's other natural bamboo pieces. The surface and the softly rounded bamboo lamellas combined with the metal construction lead the thoughts towards a pier and the relaxed atmosphere by the sea. Minimalist, harmonious, and unique, this collection is sure to bring beauty and long-lasting comfort to any outdoor setting. Add a seat cushion for even more relaxation!

Includes

- One (1) Molo Sunbed 13101-0312

Dimensions

- 27" W x 79" D x 14" H (57 lbs.)
- Seat Height: 13"

Features

- Fully welded aluminum frames are lightweight, durable, and weather resistant
- Powder-coated aluminum frames are treated with zinc-rich primer to ensure corrosion resistance and maximum outdoor protection
- Bamboo is sustainably sourced, durable, and resistant to moisture, and rot
- Bamboo is pretreated with fungicide and oil to continue looking beautiful over time
- Adjustable backrest allows you to relax either in upright or reclining positions
- Optional plush cushions are resilient and provide maximum support and comfort
- Available in Sunbrella fabric, which is distinctive, fade resistant and easy to clean
- Assembly Required

Warranty

Houe's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years

- Frame: Houe Outdoor Furniture has a 2 year warranty against structural failure and manufacturing defects
- Fabrics: Sunbrella fabrics have a 5-year fade warranty

Care & Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Bamboo: Bamboo is a strong, natural material, but will become porous if left to dry out. Bamboo displays a golden brown color that may be beautifully maintained over time or allowed to gracefully age into a subtle

silver patina. To keep the original golden finish, treat your product with a thin layer of oil suitable for outdoor furniture 3-4 times a year. To prevent the bamboo from deteriorating, please do not use a cover for the table. It is important to allow your bamboo product breath.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

HOUE is a Danish design house that was founded in 2007. Drawing inspiration from a proud heritage of Scandinavian style, HOUE takes pride in combining distinctive design with superior craftsmanship. Every detail, joint, and component in their furniture is thoroughly chosen or invented by their experienced team to make a unique product. With the philosophy of affordable luxury, HOUE takes pride in choosing the right materials and solutions designed for your outdoor patio needs. HOUE offers both an outdoor and indoor collection, always meeting their highest standards in terms of design, price, and quality.

At HOUE, the right steps are taken in creating responsible furniture, considering both social and environmental impact. Products are manufactured only in well-established factories with furniture development aiming to use recycled material in upcoming collections. In cooperation with some of the leading companies in plastic recycling, HOUE made it possible to allow plastic trash from Danish households to be a part of their new furniture design. To HOUE, sustainability and responsibility go hand in hand by mixing Danish innovation and thinking into beautiful furniture design.
