Care and Maintenance

Frame: Simply hose off or wipe down your frames to clean them! Avoid using harsh cleaners, brushes or power washers, which could damage the finish. You can use Berlin Gardens Xtreme Clean or any generic composite deck cleaner if needed.

Cushions & Outdoor Fabric: Cleaning your cushions on a regular basis will help prevent build-up of dirt, which can generate mildew. Dirt and dust can be brushed off, and stains can be spot cleaned with mild soap and water; just rinse and allow the fabric to air dry. Cushion covers zip off and can be machine washed and air dried, do not put in the dryer. For tougher stains, visit the fabric manufacturer's website for additional recommendations. Tip: If your cushions are left out during a rainstorm, unzip and place the cushion on its side, zipper side down. This will allow the water to drain out quicker.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winters, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
