Short Description

Poinciana Grey Club Chair w/ Cushions FN61301-LAG by Ratana

Description

The Poinciana Grey Club Chair w/ Cushions (FN61301-LAG) by Ratana will bring you closer to nature and allow you to kick back in total elegance. Named after the lush Poinciana tree, items in this collection conjure up visions of palm trees and a warm, ocean breeze. This piece's elegant rope wrapping, contemporary frame design and tapered legs give it a unique visual appeal, while sturdy, all-weather construction ensures lasting performance across the seasons. Its rust-proof aluminum frame (Ash Grey Finish), all-weather seat padding, fade-resistant fabric and synthetic rope are made to endure in any outdoor setting, rain or shine.

Care & Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power

washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Durarope™: Ratana crafts their rope furniture out of Durarope™ which is all-weather and fade-resistant. To clean, simply wash it with a soft brush or sponge with mild soapy water. Rinse well and allow to completely air dry. Do not use solvents or abrasives, or chemical cleaning products that could damage the furniture. Do not pull hard on the material as it can be stretched out of shape.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry at a much faster rate when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
