Mia 6-Seat Sofa Club Set w/ Fire Pit

## Description

---

Imagine ridding the ocean of harmful trash just by relaxing in your favorite chair - now you can! Made with recycled ocean plastic, the Mia 6-Seat Sofa Club Set with Fire Pit by Ebel allows you to kick back and relax with a clear conscious. This set's beautiful wicker, concrete-look fire table, and modern frame design give it a unique visual appeal, while sturdy, all-weather construction ensures lasting performance across the seasons. The wicker is hand-woven with durable High-Density Polyethylene (HDPE) and finished in a beautifully textured Fog color, which gives it a natural feel. Durable aluminum frames, all-weather cushions, and fade-resistant Sunbrella fabric are made to endure in any outdoor setting, rain or shine. The added fire pit will provide the perfect lightweight and stylish solution to your outdoor lighting needs. Made for use with a propane tank, this fire table is CSA listed and easy to use.

## What is Welt?

Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt.

## Warranty

Ebel Inc.'s warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty by many years.

- 15 Years Frame Warranty
- 5 Years Wicker
- 3 Years Aluminum Finish
- 2 Years Fire Pit Burner
- 5 Years Fabric
- 1 Year Cushion

## Care & Maintenance

**Frame:** Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes or power washers, which could damage the finish.

**Wicker:** Simply hose off, or use a solution of mild dish soap (just a drop or two) and water with a soft cloth. Do not use harsh chemicals to clean HDPE wicker.

**Cushions & Outdoor Fabric:** Cleaning your cushions on a regular basis will help prevent build-up of dirt, which can generate mildew. Simply spot treat stains with mild soap and water, rinse, and allow the fabric to air dry.

Tip: Placing a cushion on its side will help the water to drain faster! Never use a commercial washer or dryer to clean your cushions.

#### Covers & Storage:

To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winter climate, store the cushions inside of a garage or shed, and cover the frames to prevent damage.

#### About the Manufacturer

Founded over 30 years ago, Ebel has built a reputation for providing quality outdoor products at unparalleled value. From the first sketch to the final production, Ebel offers sophisticated pieces made with uncompromising craftsmanship. Crafted with durable materials such as sleek, powder-coated aluminum and timeless High-Density Polyethylene (HDPE) wicker, Ebel allows you to enjoy your outdoor patio furniture over many seasons. Comfort and style take center stage with premium quality cushions that look good and sit even better. All of our cushions are made-to-order in the USA in your choice of fabrics. With 99 stocked fabrics and hundreds more available on special orders, creating your perfect look has never been easier. We offer performance fabrics specifically designed for outdoor use.

When you purchase an Ebel product, you get more than just great designs and high-quality craftsmanship. Since 2007, we've partnered with Trees for the Future, an organization committed to promoting agroforestry and providing renewable energy to impoverished areas. For every piece of furniture we produce, Trees for the Future plants one tree. Trees for the Future operates in degraded and deforested regions, tackling climate change and world hunger. Farmers are trained to sustainably revitalize their land. This provides sources of food they otherwise would not have access to. Through TREES Forest Garden Approach, farmers plant thousands of trees that provide protection and nutrition. Their gardens and soil are restored through nitrogen fixation.
