Revolution Rumba Carbon Fabric 9322-145986 - Sold by the Yard

## Description

---

Revolution Olefin fabrics feature stain resistant upholstery fabrics that look amazing and can withstand life's messes. Their Performance Fabrics are bleach cleanable, woven in the U.S.A. , and PFC chemical free. Revolution outdoor fabrics are the most eco-friendly choice when it comes to durable outdoor fabrics. Olefin is a byproduct of refining petroleum. For many years, it was discarded or simply burned off. The Nobel Prize for Chemistry was won by the scientists who discovered a use for this unique polymer. Natural fibers like cotton, linen, and wool require lots of the earth's most precious resources water and land, which are used in large amounts in the production and dyeing of natural fibers. Olefin fabric is dyed without the use of water which helps preserve our precious resources. All Revolution Fabrics are made from 100% pre-consumer petroleum byproducts.

Easy to clean and care for, Revolution fabrics are the perfect choice for outdoor living!

### Features

- Revolution fabric is 54" wide
- Revolution Performance Fabrics® are made from Olefin yarn that is solution dyed by mixing pigments in the liquid polymer
- Water & stain resistant
- Can be cleaned with almost any household cleaner, even bleach will not damage the fabric
- Ideal for cushions, drapery, upholstery, pillows and umbrellas
- 5 year fade warranty
- Revolution fabrics are made in the USA
- Breathable, and resistant to mold & mildew
- One of the most eco-friendly outdoor fabrics available

### Warranty

- Revolution fabrics have a 5 year limited warranty which covers loss of color, loss of strength, abrasion and pilling from normal usage.

### Care and Maintenance

Spot clean with a soft cloth and mild dish soap. Fabric can also be machine washed, but please do not put it in the dryer. Air dry only. For specific stain removal recommendations, please visit the manufacturers website.

### About the Manufacturer

Revolution has become a go-to fabric in the interior design community, because it can be used in just about any type of project; whether it's a sectional for a multi-million dollar beach house or kitchen banquette cushions for a small family home. The cleanability and price point is perfect for clients designing on a budget. All of our yarns for Revolution are made and sourced in the United States within 300 miles of our mill in Kings Mountain, North Carolina. This vertical supply cuts down on resources, energy consumption, and provides jobs for local workers.
