Care & Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

HOUE is a Danish design house that was founded in 2007. Drawing inspiration from a proud heritage of Scandinavian style, HOUE takes pride in combining distinctive design with superior craftsmanship. Every detail, joint, and component in their furniture is thoroughly chosen or invented by their experienced team to make a unique product. With the philosophy of affordable luxury, HOUE takes pride in choosing the right materials and solutions designed for your outdoor patio needs. HOUE offers both an outdoor and indoor collection, always meeting their highest standards in terms of design, price, and quality.

At HOUE, the right steps are taken in creating responsible furniture, considering both social and environmental impact. Products are manufactured only in well-established factories with furniture development aiming to use recycled material in upcoming collections. In cooperation with some of the leading companies in plastic recycling, HOUE made it possible to allow plastic trash from Danish households to be a part of their new furniture design. To HOUE, sustainability and responsibility go hand in hand by mixing Danish innovation and thinking into beautiful furniture design.
