Designed specially for use in hospitality settings, these outdoor fire tables combine the latest architectural trends with top-quality design for commercial quality performance and appeal. This piece functions as both a beautiful centerpiece and a stylish source of heat for any deck, patio or lounging area. Its durable Glass Fiber Reinforced Concrete frame and stainless steel components are made to last across all seasons, rain or shine. Each fire bowl is handcrafted using Prism Hardscapes' custom patina finishing process, which guarantees a one-of-a-kind creation with subtle variation.
