GO GREEN WITH BERLIN GARDENS

Your Berlin Gardens® furniture offers more than just a great place to relax with friends and family. It also protects the environment. That's because our poly lumber is manufactured using 100% recycled content.

Here's a look into the recycling process:

- 1** Polyethylene plastic, commonly used in manufacturing detergent containers, is gathered to be recycled.
- 2** Recycled plastic is ground, melted and cooled to produce purified plastic pellets, which are tested to maintain the highest quality control standards.
- 3** Pellets are melted, extruded and shaped into precision-cut poly lumber.

Warranty

- The Berlin Gardens warranty covers manufacturing defects; normal wear and tear is not included. With

a little bit of care, your furniture will outlive the warranty by many years.

- Poly Lumber: Berlin Gardens warrants that its outdoor furniture products will be free of original defects in workmanship and materials for a period of 20 years (residential use) / 5 years (commercial use) from the original date of purchase.
- Cushions: Cushions are warranted to be free of original defects in workmanship and material for a period of 1 year (residential use) from the original date of purchase. Sunbrella® fabric carries a 5 year fade warranty from the manufacturer.

What is Welt?

Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt. Welt that is a different color than the color of the cushion fabric is called a "contrast" welt.

Care and Maintenance

Frame: Simply hose off or wipe down your frames to clean them! Avoid using harsh cleaners, brushes or power washers, which could damage the finish. You can use Berlin Gardens Xtreme Clean or any generic composite deck cleaner if needed.

Cushions & Outdoor Fabric: Cleaning your cushions on a regular basis will help prevent build-up of dirt, which can generate mildew. Dirt and dust can be brushed off, and stains can be spot cleaned with mild soap and water; just rinse and allow the fabric to air dry. Cushion covers zip off and can be machine washed and air dried, do not put in the dryer. For tougher stains, visit the fabric manufacturer's website for additional recommendations. Tip: If your cushions are left out during a rainstorm, unzip and place the cushion on its side, zipper side down. This will allow the water to drain out quicker.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winters, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
