GO GREEN WITH BERLIN GARDENS

Your Berlin Gardens furniture makes more than just a great place to relax with friends and family. It also protects the environment. That's because our poly lumber is manufactured using 100% recycled content.

Here's a look into the recycling process:

- 1** Polyethylene plastic, commonly used in manufacturing detergent containers, is gathered to be recycled.
- 2** Recycled plastic is ground, melted and cooled to produce purified plastic pellets, which are tested to maintain the highest quality control standards.
- 3** Pellets are melted, extruded and shaped into precision-cut poly lumber.

Care and Maintenance

Frame: Simply hose off or wipe down your frames to clean them! Avoid using harsh cleaners, brushes or power washers, which could damage the finish. You can use Berlin Gardens Xtreme Clean or any generic composite deck cleaner if needed.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winters, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
