GO GREEN WITH BERLIN GARDENS

Your Berlin Gardens Signature Series is not just a great place to relax with friends and family, it also protects the environment. That's because our poly lumber is manufactured using 95% recycled content.

Here's a look into the recycling process:

- 1** Polyethylene plastic, commonly used in manufacturing detergent containers, is gathered to be recycled.
- 2** Recycled plastic is ground, melted and cooled to produce purified plastic pellets, which are tested to maintain the highest quality control standards.
- 3** Pellets are melted, extruded and shaped into precision-cut poly lumber.

Stainless Steel parts and assemblies carry a limited lifetime warranty. Slight rusting on burners and components of the burners are not covered by this warranty
- Swivels, Bradford Pergolas, Arbors and A-Frames are warranted not to fail structurally for 5 years of residential use or two 2 years of commercial use.
- Cushions: Cushions are warranted to be free of original defects in workmanship and material for a period of 1 year (residential use) from the original date of purchase. Sunbrella® fabric carries a 5 year fade warranty from the manufacturer.

Care and Maintenance

Frame: Simply hose off or wipe down your frames to clean them! Avoid using harsh cleaners, brushes or power washers, which could damage the finish. You can use Berlin Gardens Xtreme Clean or any generic composite deck cleaner if needed.

Cushions & Outdoor Fabric: Cleaning your cushions on a regular basis will help prevent build-up of dirt, which can generate mildew. Dirt and dust can be brushed off, and stains can be spot cleaned with mild soap and water; just rinse and allow the fabric to air dry. Cushion covers zip off and can be machine washed and air dried, do not put in the dryer. For tougher stains, visit the fabric manufacturer's website for additional recommendations. Tip: If your cushions are left out during a rainstorm, unzip and place the cushion on its side, zipper side down. This will allow the water to drain out quicker.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winters, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
