Care and Maintenance

Frame Care: Regular cleaning with a mild soap and water solution is recommended. Avoid using harsh cleaners, brushes or power washers, which could damage the finish. Regular maintenance of the furniture will extend its life and will keep it looking beautiful. For more information, please see the Care & Maintenance PDF.

Sling Seating Surface Care: Regular cleaning with mild soap and water using a sponge or soft brush is recommended. To remove mildew stains, treat stains with mild soap and water, rinse, and allow the fabric to air dry before using. For more information, please visit the fabric manufacturer's website.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winter climate, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
