Castelle Designer Details

Cast Aluminum Details: Casting is the process where melted metal is poured into molds to create distinctive shapes and designs. Castelle uses this handcrafted process to engineer the intricate aluminum detailing found on their frames. The delicate nature of the molds and hand-poured aspect of this process demands expert craftsmanship, but it results in a one-of-a-kind creation.

Warranty

Castelle's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty by many years.

- Frame: 15 Years Residential
- Finish: 5 Years Residential

Care and Maintenance

Frame Care: Regular cleaning with a mild soap and water solution is recommended. Avoid using harsh cleaners, brushes or power washers, which could damage the finish. Regular maintenance of the furniture will extend its life and will keep it looking beautiful. For more information, please see the Care & Maintenance PDF.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winter climate, store the cushions inside of a garage or shed, and cover the frames to prevent damage.

About the Manufacturer

For over 40 years, the Castelle name has stood for handcrafted luxury furnishings. Many skilled hands are
