Features

- Durable, rust proof frames made from thick gauge aluminum with a high-quality powder coated finish that is appropriate for residential and commercial settings.
- Comfortable, quick-drying sling fabric.
- 100% FSC certified Indonesian reclaimed teak is repurposed into high quality outdoor furniture.
- Each piece is a unique work of art, handcrafted by skilled artisans who are masters working with reclaimed teak.
- Made from reclaimed from deconstructed buildings and bridges, there is no harvesting of new teak trees to make this furniture.
- Teak is dense hardwood that is naturally oily which offers benefits over other natural woods including resistance to light, heat, moisture and pest damage.
- New teak wood furniture will have a warm golden hue that patinas to a silvery grey over time. Letting the teak patina will not compromise the integrity of the wood, however, to keep the golden color, clean the teak furniture about once a year and apply a thin layer of teak oil.
- Stackable design makes storage and transportation easy.
- Plastic foot glides help to protect your patio from scratching and also to help keep the furniture protected from dirt or water that can accumulate on the patio.
- Chairs do not require assembly, table requires assembly

Warranty

Harmonia Living's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Aluminum Frame: Harmonia Living extends a 3-year residential / 1-year commercial warranty against defects in workmanship and materials that cause structural failure
- Finish: Harmonia Living extends a 1-year residential and commercial warranty against defects such as

peeling, cracking, or extreme discoloration

- Teak: Harmonia Living extends a 1-year residential / 90-day commercial warranty against defects in workmanship and materials
- Sling: Harmonia Living extends a 1-year residential / 90-day commercial warranty against defects in workmanship and materials that cause structural failure

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Teak: Long-term, teak furniture develops a pleasing silvery gray patina, which is cosmetic and not an indication of dryness. Its natural oils help keep this hardwood strong and durable in a variety of environments, so there's very little maintenance. Because teak is very weather-resistant, it doesn't need to be stored during the winter or covered with protective tarps. However, covering teak furniture will protect the surface from elements such as hail, wind, and snow, which can cause cosmetic damage. To keep the original golden honey finish, apply a very thin layer of Linseed or Teak oil to your furniture 1-2 times a year, depending on exposure. Cleaning with teak cleaner is recommended every 2-3 years, along with the oil application.

Sling: In order to protect from getting stains and keep its appearance, wipe down with a damp cloth using a soap and water mixture every few weeks. To remove any mold, rinse the furniture with water and gently scrub with a brush.
