#### Care and Maintenance

Polycarbonate: To clean polycarbonate, rinse with cool water, and use a cloth with mild dish soap to wipe down and remove dust and residue. Use cool water to wipe away any soapy residue. Dry with a soft cloth.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

#### About the Manufacturer

For more than 20 years, Compamia has been a go-to for top quality outdoor furniture. Our products are carefully selected to meet high outdoor living standards, such as comfort, luxury style, and durability. All collections are commercial grade, making each piece perfect for use in hotels, cafes, restaurants, hospitals, state parks, swimming pools and condominiums.
