### Care and Maintenance

**Frame:** Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes or power washers, which could damage the finish.

**Cushions & Outdoor Fabric:** Cleaning your hammock on a regular basis will help prevent build-up of dirt, which can generate mildew. Simply spot treat stains with mild soap and water, rinse, and allow the fabric to air dry.

**Covers & Storage:** To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winter climate, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
