## Care and Maintenance

**Cushions & Outdoor Fabric:** Cleaning your cushions on a regular basis will help prevent build-up of dirt, which can generate mildew. Simply spot treat stains with mild soap and water, rinse, and allow the fabric to air dry. Never use a commercial washer or dryer to clean your cushions.

**Covers & Storage:** To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winter climate, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
