Short Description

The Indo Bar Stool features graceful curves and a sleek modern style.

Description

The Indo Bar Stool features graceful curves and a sleek modern style. Its rich coffee color is easy to coordinate with the rest of your outdoor sets or combines with matching Indo outdoor furniture for a complete matching patio design. Despite their elegant design, these chairs are tough as nails. Using a high density PE wicker, they resist fading, chipping, and damage from UV. This bar stool is available with or without armrests. Combined with the matching Indo bar table, you can easily create a lovely spot to have a cocktail or enjoy the morning paper.

Note: This bar stool is available with or without arms. Please select either option from the drop-down menu.

All Weather, Environmentally Friendly Wicker :

Synthetic wicker is made in different levels of quality, but we only offer the best. This wicker is made from high density polyethylene (HDPE), which is specially manufactured for all weather resistance. It resists UV damage, chipping, fading, and deformation due to solar heat. Each strand is solid through and through with color, which means you never have to worry about cheap paint flaking off. In addition, it is also 100% recyclable and does not degrade into environmentally harmful compounds. HDPE wicker is not only superior in terms of quality, but also in terms of environmental responsibility.
