Short Description

Aspen 11' Hexagon ASP11H by ARTiculated Shade

Description

The sleek and compact design of the 11' Aspen Hexagon (ASP11H) by ARTiculated Shade redefines how outdoor shade should be. Using a patented system of articulating ribs- the part that moves the canopy up and down- to reduce the closing height in half and liberate the space below the canopy that would normally be obstructed. The effortless opening mechanism is used by simply holding the canopy string and walking backward away from the umbrella. Structural-grade aluminum, marine-grade hardware, and fade-resistant fabrics ensure lasting performance across the seasons. Made entirely in the USA, ARTiculatedshade inspires

creativity with a compact elegant design that redefines the boundaries of collapsible shade.

Includes

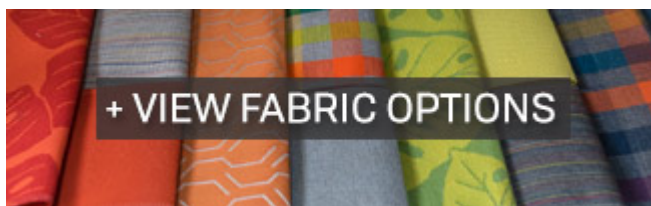

- One (1) 11' Aspen Hexagon ASP11H
- Bases and protective covers sold separately

Dimensions

- Canopy Size: 11'2" x 9'8"
- Overall Height: 8'0"

Warranty

The ARTiculated Shade warranty covers manufacturing defects. Damage Due to Wind, Neglect, or Misuse is NOT COVERED Under the Limited Warranty. With a little bit of care, your furniture will outlive the warranty for many years.

- Frame has a 5-year warranty against manufacturing defects
- Canopy has a 3-year fade warranty
- WeatherMAX 80 fabrics have a 5-year fade warranty

Care and Maintenance

This sunshade is easy to care for. Simply hose off to clean or spot treat for stains. To further extend the lifespan of your umbrella, store in a protective cover away from the elements. Avoid using during windy weather and try not to force the ribs apart when opening; this could damage your umbrella. If you plan on using your umbrella near salt water or an indoor pool, wipe down regularly to prevent paint blistering. Don't forget to store it ahead of a storm!

About the Manufacturer

ARTiculated Shade is a compact patio umbrella that challenges preconceptions of patio umbrellas and liberates coveted space below the canopy that would otherwise be obstructed. With a patented system of laterally articulating ribs, ARTiculatedshade has redefined the boundaries of collapsible shade. This umbrella is designed to inspire conversation with detailing that is kept simple and clean to complement the inherent beauty of articulating shade. The compact frame redefines the space an umbrella occupies and the time you interact. Open your umbrella with ease when desired, rather than out of necessity. Designed to be durable and easily replaced for value through longevity, ARTiculatedshade inspires creativity with a compact elegant

design that redefines the boundaries of collapsible shade.
