Short Description

Saxton Cushioned Lounge Chair 2C10R by Castelle

Description

Merging bold design and refined elegance, the Saxton Cushioned Lounge Chair 2C10R by Castelle creates a personalized outdoor experience with a high-end designer feel. Inspired by beautiful vintage mosaic tile designs, its crisp clean lines and striking angles create an art form that exudes exquisite luxury. Select from two decorative cast aluminum back and side motifs- Orleans and Xaria- that can be mixed and matched between an array of deep seating and dining pieces. Built to stand the test of time, its handcrafted cast aluminum frames are finished with a multi-stage powder coat that is impervious to all weather and climates. Castelle only uses the best all-weather frame materials so you can enjoy all year without worrying about the weather. With a wide variety of top-of-the-line outdoor performance sling fabrics and hand-painted powder coat finishes to choose from, you can customize this piece to perfection. If you can't find the fabric you're looking for, feel free to give our sales team a call at (888) 947-4449!

Castelle Designer Details

Cast Aluminum Details:

Casting is the process where melted metal is poured into molds to create distinctive shapes and designs. Castelle uses this handcrafted process to engineer the intricate aluminum detailing found on their frames. The delicate nature of the molds and hand-poured aspect of this process demands expert craftsmanship, but it results in a one-of-a-kind creation.

Welted Cushions: Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt. Welt that is a different color than the color of the cushion fabric is called a "contrast" welt.

Tufted Cushions: Tufted cushions are made by sewing the back and front of the cushion together in at least one place, usually in the center of the back cushion. This process can add more stability to the fiber fill, but the choice is mostly for style. This look pairs best with European or vintage inspired designs. Castelle offers tufted cushions with your choice of button.

Warranty

Castelle's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty by many years.

- Frame: 15 Years Residential
- Finish: 5 Years Residential

- Cushions: 2 Years Residential
- Fabric: 5 Years

Care and Maintenance

Frame Care: Regular cleaning with a mild soap and water solution is recommended. Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Regular maintenance of the furniture will extend its life and will keep it looking beautiful. For more information, please see the Care & Maintenance PDF.

Cushions & Outdoor Fabric: Cleaning your cushions on a regular basis will help prevent build-up of dirt, which can generate mildew. Dirt and dust can be brushed off, and stains can be spot cleaned with mild soap and water, rinse, and allow the fabric to air dry. Cushion covers zip off and can be machine washed and air dried, do not put in the dryer. For tougher stains, visit the fabric manufacturer's website for additional recommendations. Tip: If your cushions are left out during a rainstorm, unzip and place the cushion on its side, zipper side down. This will allow the water to drain out quickly.

Covers & Storage: To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winter climates, store the cushions inside a garage or shed, and cover the frames to prevent damage.
