## Description

---

The Monterey Bunching Table goes great next to lounge chairs, chaise lounges, or an outdoor sofa. Its convenient size makes it easy to place, and both its color options make it easy to coordinate. The coffee color offers a contemporary aesthetic, while the natural color looks good in almost any patio setting. In addition, it is constructed from all weather, high density PE wicker. This outdoor wicker bunching table is tough as nails and offers a versatile style.

All Weather, Environmentally Friendly Wicker :

Synthetic wicker is made in different levels of quality, but we only offer the best. This wicker is made from high density polyethylene (HDPE), which is specially manufactured for all weather resistance. It resists UV damage, chipping, fading, and deformation due to solar heat. Each strand is solid through and through with

color, which means you never have to worry about cheap paint flaking off. In addition, it is also 100% recyclable and does not degrade into environmentally harmful compounds. HDPE wicker is not only superior in terms of quality, but also in terms of environmental responsibility.
