Warranty

The Forever Patio warranty covers manufacturing defects, normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty by many years.

Aluminum Frame: Aluminum frames are warranted to be free from defects in materials and workmanship for a period of seven (7) years. Damage to frames or welds due to improper assembly, improper use, or exposure to water and subfreezing temperatures is not covered under this limited warranty. (Therefore, you should not allow water to accumulate inside frames).

Durawood Table Top: These products are warranted against peeling, cracking, or blistering for a period of three (3) years provided the table top has not been scratched, chipped or shattered. Scratches and chips resulting from normal wear and tear on the finish are not covered under this limited warranty. Fading or discoloration of the finish as a result of exposure to sunlight or other natural elements, oils, spills, fluids or chemicals is not covered under this limited warranty.

Care and Maintenance

Frame: Aluminum and HDPE wicker are easy to care for! Simply hose off, or use a solution of mild dish soap (just a drop or two) and water with a soft cloth. Do not use harsh chemicals to clean aluminum frame patio furniture.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage, and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing upside down, which can trap moisture. Damage caused by the elements, normal wear and tear or improper care is not covered by Forever Patio's warranty.
