Short Description

Ocean Master Mega Max Classic 24' Round Umbrella OMMX24RND by Tuuci

Description

The Ocean Master Mega Max Classic 24' Round Umbrella (OMMX24RND) by Tuuci is a statement piece intended to suit all large outdoor shade needs. Design and engineering meet to produce an elegant profile with robust construction created to withstand high winds up to 45 mph sustained and gusts up to 75 mph. The strength, durability and serviceable design allows for an extended usable life reducing the environmental impact of the product. Tuuci's design and engineering teams created the Ocean Master MEGA Max to amplify the experience of an outdoor room with an expansive collapsible shade structure perfectly suited for flexible use in commercial, hospitality, education, and restaurant settings.

Dimensions

- Pole Mast: 5.25" diameter
- Canopy Ribs: 2" diameter
- Canopy Size: 24' diameter
- Mast Height (open): 144"
- Mast Height (closed): 208"
- Canopy Clearance: 103"

Features

- The Mega Max features Tuuci's latest vision hub design constructed of marine grade stainless steel which Maximizes durability while maintaining a sleek design. The 5.25" mast has a four channel aluminum mast extrusion that amplifies its strength, creating the ability to withstand the harshest environmental conditions.
- The ribs of the Mega Max boast Tuuci's largest rib diameter yet! The canopy ribs have a 2" diameter featuring a built in fluted reinforcement design to support the massive canopy and defend against wind.
- The Mega Max operates with a heavy duty gearbox and self lubricating lead screw mechanism for smooth and easy opening and closing with the external hand crank.
- The telescoping mast feature allows the umbrella to gracefully deploy while lifting up to reduce interference with the patio furniture below the umbrella.
- Choose from a wide variety of solution dyed Marine Grade High Performance outdoor fabrics.
- This umbrella has a market style canopy with a single wind vent.
- A wide variety of powder coat paint options are available, or upgrade to Tuuci's stylish Plantation Aluma-Teak finish options.
- Standard features also include a security stem, polished stainless steel hub and polished Max acorn finial.
- Screw pocket canopy construction keeps the umbrella canopy securely attached to the umbrella frame.
- Please note, images shown may be of a different size umbrella that is part of the same Tuuci collection.

Optional Features

- Ambia LED Light: Create ambiance and extend the daylight hours with Tuuci's Ambia LED light. It illuminates upwards into the canopy to distribute light evenly underneath the parasol. Effortlessly extends the day into a soothing nighttime atmosphere with a simple button.
- Heating: Enjoy life outside with optimal comfort year-round. Tuuci's adjustable infra-red heaters (220V) pivot to directly warm objects below the frame. Add 2 or 4 heaters to your Ambia LED light system to warm cool mornings and cold evenings.
- Customized Canopy: The umbrella canopy can be customized by adding an accent border, fringe or a contrasting edge binding. Give our sales team a call if you'd like to discuss the custom canopy options.
- This umbrella includes a powder coat paint finish with multiple color options, or upgrade to one of Tuuci's Plantation Aluma-Teak finishes.
- Protective Cover: A custom protective cover (CX) can be added to your order which will help protect your umbrella when it's not in use.

Recommended Umbrella Base

Tuuci offers a number of different types of umbrella bases to stabilize your new umbrella. Please reach out to our sales team to help find the base that is right for your umbrella size and type of use.

Warranty

Tuuci® constructs its shade structures with the finest marine grade materials available. We test our products in extreme weather environments to ensure stability, durability and years of worry-free service. In addition, Tuuci personnel carefully follow specific quality control procedures and inspect each product to ensure freedom from manufacturing defects. Our goal is to produce shade platforms that will exceed your expectations and provide a shade experience like no other in the world.

- 15 Years: Entire frame structure, including mast, hubs, struts, brackets and hardware.
- 5 Years: Frame finishes, including powder coat and Tuuci's exclusive Plantation Aluma-TEAK
- 5 Years: Manual lift systems and related components, including gear boxes and worm drives.

Fabric: Please refer to the warranty granted by the manufacturer of the specific fabric you specified. In

general, the manufacturer warranties replace fabric only if and when the fabric loses its color or strength from UV degradation and if mildew occurs, within the warranty period. Users must properly maintain fabrics for the warranty to be effective. Note: proper maintenance includes cleaning of fabric regularly. These warranties do not cover damage from contact with foreign objects, wind-driven abrasions, misuse or abuse (rips, burns, tears and holes).

With intensive usage of the products in a hostile environment (seaside and indoor pool use), we advise that you regularly rinse the fabric of the parasol using fresh water in order to prevent the build-up of salt and chloride residues.

If any Tuuci high performance textile fabric is rendered unserviceable by loss of color or strength caused by UV degradation, mildew, rot or atmospheric chemicals, Tuuci will work with the manufacturer to assist you with your warranty claim. Labor charges will apply to the cutting and sewing of any fabric replaced under warranty.

About the Manufacturer

For over 20 years TUUCI has been creating the most innovative, unique and stylish shade platforms in the industry. Founded with a passion by Dougan Clarke, TUUCI was born from the marine industry. This means every single parasol, lounge and cabana we create has been meticulously engineered to perform without question, in any environment. Beyond simply performing, they also turn heads as TUUCI products are built with an unparalleled sense of style and design not seen anywhere else in the world.

Recognized around the world for unparalleled function, Tuuci stands alone in a category defined only by their latest advancements in shade engineering. They draw upon decades of field data derived from real usage and exhaustive wind testing to ensure their products perform as intended.
