Short Description

Ocean Master Max Nautical Teak Center Post 13' Octagon Umbrella TKX13OCT by Tuuci

Description

Drawing inspiration from classic and modern sailing architecture and details, the Tuuci Ocean Master Max Nautical Teak Umbrella's innovative design sets a new standard for teak parasols. A uniquely reinforced mast sports an aluminum spine, adding strength while also affording the integration of an internal telescoping crank lift system, something never before achieved on a teak parasol. The crank assists with an easy open to close while the telescoping elements allow for unobstructed closure over the furniture below.

Dimensions

- Pole Diameter: 3"
- Mast Height (open): 110"
- Mast Height (closed): 131"
- Canopy Clearance: 87"
- Table Clearance: 46"
- Canopy Coverage: 139 Square Feet

Features

- Inspired by Tuuci's marine roots, premium teak blends the authentic beauty of natural teak hardwood with classic elements of nautical design and durability of corrosion-proof materials.
- The innovative Aluma-Core mast structure is reflected in external chassis reinforcements clad in polished yachting grade 316 stainless steel alloy.
- The Aluma-Core mast enables our proprietary gear system and telescoping, which allows the parasol to gracefully deploy without interfering with the furniture below.
- Expertly cured, the teak sourced for each parasol has the necessary natural oils locked in to protect from dry rot and splintering.
- Responsibly harvested teak of the highest grade will gracefully develop a gray patina over the long life of the product.
- Natural teak used throughout the hubs, ribs and struts is married with polished metal elements adding touch of elegance to this outdoor umbrella.
- Open and close the umbrella with the Easy-Drive crank lift system.
- This patio umbrella has a single wind vent in the umbrella canopy.
- Please note, images shown may be of a different size umbrella that is part of the same Tuuci collection.

Optional Features

- **Customized Canopy:** The umbrella canopy can be customized by adding an accent border, fringe or a contrasting edge binding. Give our sales team a call if you'd like to discuss the custom canopy options.
- **Protective Cover:** A custom protective cover (CX) can be added to your order which will help protect your umbrella when it's not in use.

Recommended Umbrella Base

Tuuci offers a number of different types of umbrella bases to stabilize your new umbrella. Please reach out to our sales team to help find the base that is right for your umbrella size and type of use.

Warranty

Tuuci® constructs its shade structures with the finest marine grade materials available. We test our products in extreme weather environments to ensure stability, durability and years of worry-free service. In addition, Tuuci personnel carefully follow specific quality control procedures and inspect each product to ensure freedom from manufacturing defects. Our goal is to produce shade platforms that will exceed your expectations and provide a shade experience like no other in the world.

- 15 Years: Entire frame structure, including mast, hubs, struts, brackets and hardware.
- 5 Years: Frame finishes, including powder coat and Tuuci's exclusive Plantation Aluma-TEAK
- 5 Years: Manual lift systems and related components, including gear boxes and worm drives.

Fabric: Please refer to the warranty granted by the manufacturer of the specific fabric you specified. In general, the manufacturer warranties replace fabric only if and when the fabric loses its color or strength from UV degradation and if mildew occurs, within the warranty period. Users must properly maintain fabrics for the warranty to be effective. Note: proper maintenance includes cleaning of fabric regularly. These warranties do not cover damage from contact with foreign objects, wind-driven abrasions, misuse or abuse (rips, burns, tears and holes).

With intensive usage of the products in a hostile environment (seaside and indoor pool use), we advise that you regularly rinse the fabric of the parasol using fresh water in order to prevent the build-up of salt and chloride residues.

If any Tuuci high performance textile fabric is rendered unserviceable by loss of color or strength caused by UV degradation, mildew, rot or atmospheric chemicals, Tuuci will work with the manufacturer to assist you with your warranty claim. Labor charges will apply to the cutting and sewing of any fabric replaced under warranty.

About the Manufacturer

For over 20 years TUUCI has been creating the most innovative, unique and stylish shade platforms in the industry. Founded with a passion by Dougan Clarke, TUUCI was born from the marine industry. This means every single parasol, lounge and cabana we create has been meticulously engineered to perform without question, in any environment. Beyond simply performing, they also turn heads as TUUCI products are built with an unparalleled sense of style and design not seen anywhere else in the world. Recognized around the world for unparalleled function, Tuuci stands alone in a category defined only by their latest advancements in shade engineering. They draw upon decades of field data derived from real usage and exhaustive wind testing to ensure their products perform as intended.
