Short Description

Lamego Cushioned Premium Club Chair

Description

Modern, clean, and unique, the Lamego Cushioned Premium Club Chair (FN57601COG-P) by Ratana will bring a fresh look to your outdoor space. The classical yet sophisticated Lamego collection was inspired by the cathedral architecture of the Portuguese city of Lamego. Part of Ratana's newest outdoor furniture line,

Terana, the Lamego collection's color palette aligns with the most dazzling natural elements; water, stone, ice, and sand. Sit and relax on crisscrossed woven cobalt graphite Durastrap™, which are stylishly knitted and artistically designed to mimic the church towers in the grand city of Lamego. Lamego offers weather-resistant powder coated aluminum frames, comprised of durable synthetic EVA rubber that can withstand stress cracks, moisture, and UV elements. Choose from an abundant list of outdoor performance fabrics from Sunbrella, Bella Dura, or Outdura to give your space a unique personal touch. Take things outdoors with Terana, and enjoy your very personalized dose of nature, the earth's ultimate soul soother.

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For

more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
