Short Description

Atlas 13' Octagon Centerpost Umbrella (ATL-40) by Shademaker

Description

The Atlas 13' Octagon Centerpost Umbrella (ATL-40) by Shademaker is the ideal solution for most shade applications. Its modern look and robust construction make it ideal for commercial or residential use. With this umbrella's telescopic mast, there's no need to sacrifice sturdiness or style for shade coverage. Designed to close over tables and chairs, you can easily raise or lower the canopy with a few simple rotations of the removable crank handle. The Atlas sunshade comes with 4 rust-proof finish options and is available in a variety of top quality, fade resistant fabrics. For commercial buyers who are looking to purchase multiple umbrellas, we have even more fabric and finish options available upon request!

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
