Care and Maintenance

Teak: Long-term, teak furniture develops a pleasing silvery gray patina, which is cosmetic and not an indication of dryness. Its natural oils help keep this hardwood strong and durable in a variety of environments, so there's very little maintenance. Because teak is very weather-resistant, it doesn't need to be stored during the winter or covered with protective tarps. However, covering teak furniture will protect the surface from elements such as hail, wind, and snow, which can cause cosmetic damage. To keep the original golden honey finish, apply a very thin layer of Linseed or Teak oil to your furniture 1-2 times a year, depending on exposure. Cleaning with teak cleaner is recommended every 2-3 years, along with the oil

application.

About the Manufacturer

Three Birds Casual is a family-owned business founded by brothers-in-law Victor Lewis and Tad Varga. For over two decades, they specialized in designing, manufacturing, and distributing premium-grade casual living products. Best known for their teak casual furniture, Three Birds Casual is the top choice among retailers, designers, and architects who want to bring their clients exceptional quality and value. Teak is the ideal natural material for outdoor furniture and only products of the highest quality and construction standards are accepted. Produced from Grade A teak that is harvested from government-managed plantations, they care about both quality and sustainability. Since 1999, Three Birds Casual has built a reputation for developing products that give customers the ability to create unique and beautiful outdoor living spaces!
