Short Description

SoHo Stackable Dining Side Chair SH06 by Three Birds Casual

Description

The SoHo Stackable Dining Side Chair (SH06) by Three Birds Casual brings contemporary designs to create a unique style in any outdoor setting. The frame's lightweight, powder-coated aluminum frames and sturdy, all-weather construction ensures lasting performance across the seasons. The sustainably harvested teak wood is optimal for outdoor settings with its high oil content and tight wood grain. With these qualities, teak wood is naturally resistant to moisture, rotting, and pests and perfectly suited for various climates and environments. The beauty of all-natural teak wood allows you to mix and match your furniture for a variety of different outdoor patio scenarios. An ergonomic, cushionless design allows for a comfortable and maintenance-free seat. Storing or transporting your chairs is easy and seamless with its stackable design. Whether you're creating a cozy patio oasis in your own home or decorating a commercial space from luxury hotels to top-ranked restaurants, Three Birds Casual can cater to any style or outdoor experience!

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Teak: Long-term, teak furniture develops a pleasing silvery gray patina, which is cosmetic and not an indication of dryness. Its natural oils help keep this hardwood strong and durable in a variety of environments, so there's very little maintenance. Because teak is very weather-resistant, it doesn't need to be stored during the winter or covered with protective tarps. However, covering teak furniture will protect the surface from elements such as hail, wind, and snow, which can cause cosmetic damage. To keep the original golden honey finish, apply a very thin layer of Linseed or Teak oil to your furniture 1-2 times a year, depending on exposure. Cleaning with teak cleaner is recommended every 2-3 years, along with the oil application.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges.
