Short Description

Vienna Cushioned Dining Arm Chair VE07 by Three Birds Casual

Description

The Vienna Cushioned Dining Arm Chair (VE07) by Three Birds Casual bridges traditional design and style with top-of-the-line materials and construction. Crafted from sustainably harvested teak wood, it is optimal for outdoor settings with its high oil content and tight wood grain. With these qualities, teak wood is naturally resistant to moisture, rotting, and pests and perfectly suited for various climates and environments. The beauty of all-natural teak wood allows you to mix and match your furniture for a variety of different outdoor patio scenarios. The wicker is made from High-Density Polyethylene (HDPE) which is UV-resistant, and resistant to fading or cracking for lasting performance across the seasons. Indulge in plush, luxurious relaxation with quick-drying cushions made with Dacron cores for ultimate comfort. Choose from a variety of beautiful, high-quality Sunbrella fabric options that are fade resistant and easy to maintain. Whether you're creating a cozy patio oasis in your own home or decorating a commercial space from luxury hotels to top-ranked restaurants, Three Birds Casual can cater to any style or outdoor experience!

Care and Maintenance

HDPE Frames Use this method for quick clean-ups throughout the season. Add in the bleach solution noted below to easily sanitize and eliminate any stubborn stains or dirt build-up from the winter months. All you need to clean Polywood is mild dish soap, warm water, and a soft cloth! For extra cleaning power or to sanitize, mix 1/3 parts bleach with 2/3 parts water and apply the bleach mixture to the finish with a clean cloth. Allow the bleach solution to sit on the lumber for a few minutes; it will not affect the color of the lumber. Loosen any dirt or debris that may catch in the surface grooves of the lumber by scrubbing the bleach mixture with a soft-bristle brush. Rinse thoroughly, and air dry or wipe dry with a soft cloth.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges.
