Short Description

Sky Swivel Rocker 61440 by Jensen Outdoor

Description

Experience the allure of outdoor living with the Sky Swivel Rocker (61440) by Jensen Outdoor. Crafted with meticulous attention to detail, the Sky Collection showcases clean, modern lines and delicate transitional accents. Its 100% FSC®-certified Ipe timber frame embodies both durability and sustainability, effortlessly harmonizing with the nature beauty of your surroundings and complementing your personal style. The deep, chocolate brown hue of the Ipe timber frame ages gracefully, transforming into a captivating silver patina over time.

Includes

- One (1) Sky Swivel Rocker 61440

Dimensions

- 36"H x 35"W x 32"D
- Seat Height: 18"
- Arm Height: 23"

Features

- Made with 100% FSC certified Ipe timber, sustainably sourced from the tropical forests of Bolivia
- Highly durable timber offers exceptional longevity and resistance to weather, moisture, sun and wind
- A unique, fine-grain sanding technique provides a smooth-as-glass hand finish to the natural wood frame
- Ipe timber displays a rich, chocolate brown color that may be beautifully maintained over time or allowed to gracefully age into a subtle silver patina
- Cushions are resilient and provide maximum support and comfort
- Quick drying foam ensures moisture doesn't stay trapped in the cushion
- Available in Sunbrella fabric, which is distinctive, fade resistant and easy to clean
- Zinc-plated steel components provide extra frame strength
- Jensen brand requires all Jensen patio furniture deliveries to include White Glove delivery service. This service includes assembly, placement of the furniture on your patio, and removal of packaging. This elevated delivery service is beyond what is included in our "Free Shipping" and requires an additional charge which will be automatically calculated and applied during checkout. Please contact us with any questions or concerns regarding White Glove delivery and associated fees. Depending on the size and location of your order we may be able to waive these fees.
- Assembly Required

About Ipe Wood

Ipe is a hardwood timber prized for its beauty and long-lasting durability in any environment. Ipe timber exhibits a deep chocolate-brown grain when new that may be allowed to naturally age to an elegant silver patina or brought back to an as new finish at any time. Jensen Outdoors Ipe furniture comes pre-stained with Penofin® Verde Oil Finish, which protects and conditions the wood to prevent absorption of moisture. Although Ipe is naturally stable, small checks in the surface (minuscule openings of the wood grain at the ends) may appear if the furniture is placed in a very dry or sunny environment. Superficial checking is a natural occurrence resulting from moisture loss and in no way affects the structural integrity and longevity of the furniture, and will in fact disappear when the environment becomes moist.

Warranty

Jensen Outdoor's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Ipe Wood: Ipe frames are warranted to not break or crack for five (5) years of residential use.
- Hardware: Hardware used in the production or assembly of Jensen Outdoor furniture is warranted to not break for five (5) years of residential use.
- Fabric: Sunbrella ® fabric carries a 5-year warranty from the manufacturer.

Care and Maintenance

Ipe Wood: You can wash your Ipe wood surfaces with a soft towel and mild dish soap, then rinse clean with water. Once complete, allow to dry. Avoid using harsh cleaners, brushes or power washers, which could damage the finish. For color restoration and tough stain removal instructions, please see the attached Care & Maintenance Guide.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

Jensen's mission is to bring the highest-quality sustainable wood furniture in the world to your patio. Their Virginia based manufacturing team sources, designs, and crafts luxury outdoor furniture using the world's best materials; each piece is purpose-built to expand your homes footprint outdoors. They offer a variety of collections with different design elements, making it easy for you to incorporate with your own distinct patio look.

Jensen Outdoor strives to protect forests through sustainable sourcing techniques, ensuring these high-quality natural materials are available for generations to come. As a Forest Stewardship Council partner, they help responsibly manage 2 million acres of dry-tropical forests in Eastern Bolivia. They rotate which areas of the forest are harvested every season, enabling better forest diversity and health. By purchasing from Jensen, you are directly supporting the longevity of these unique forests.
